APPENDIX A

Report from Bridget Thomas, Burford Parish Council Chair.

I had a long conversation with the senior technical Officer for Shropshire Highways regarding the dreadful state of the A456 from the Swan Garage to Boraston Drive. He agreed that work should be carried out on the road surface in that area, but although his team regularly carries out inspections, there is a lack of funding to address the problems. He did mention the removal of one of the raised areas, but this would not be carried out in the immediate future. I mentioned the fact that lineage work was to be carried out along the A456 where, due to the road repairs, the white lines had been obliterated. I asked if the repairs to the aforementioned area were not more important and he mentioned the different funding pots available to SCC for different types of work. I will try "fix my street again"
